

**Dear Turenscape,**

On behalf of all of us at Arsomsilp, we wish to express our deepest condolences on the passing of Professor Kongjian Yu. We are still heartbroken and deeply saddened by the loss. We would like to send our sincerest condolences to everyone at Turenscape. We were honored to have worked with him, and we cannot begin to fathom the depth of your loss.

He was our beloved partner, teacher, mentor, and guiding light in the world of landscape architecture. His groundbreaking concepts of the “Sponge City” and the application of nature-based solutions have inspired projects across the globe, including here in Thailand — especially Benjakitti Forest Park — and continue to guide us in every project we pursue. He gave us new ways to imagine a future where people and the environment thrive in harmony. The world is a better place because of his vision, and it will continue to improve through his enduring legacy. His wisdom, generosity, and ability to inspire will remain with us always.

All of us at Arsomsilp feel deeply honored to have worked together with Professor Yu on Benjakitti Forest Park. The park will forever stand as a living memory of him, embodying the principles he pioneered and the values he instilled in us. For this, and for so much more, we will always owe him our deepest gratitude.

Please accept our heartfelt condolences to everyone at Turenscape, and especially to his family. We share in your grief and stand with you in honoring the extraordinary legacy of Professor Yu. The world has truly lost a legend, but his impact will continue to live on through all of us who were inspired by his vision.

With deepest sympathy,

**Theerapon Niyom**
