

Dear colleagues at Turenscape and the family of Professor Yu Kongjian,

We were deeply shocked and profoundly saddened to learn of the sudden passing of our close partner and dear friend, Professor Yu Kongjian. On behalf of ourselves and MCA, we extend our heartfelt condolences and deepest sympathy, and kindly ask you to convey our sorrow and remembrance to his family.

Professor Yu was not only a brilliant collaborator but also a trusted friend over many years. His extraordinary professional wisdom, rigorous dedication, and genuine character laid a strong foundation for our cooperation. We were continually inspired by his optimism, integrity, and boundless passion for his work. His passing is an immeasurable loss to us all.

In this time of grief, we cannot begin to imagine the pain you are enduring. Please take care of yourselves and know that our thoughts and prayers are with you. Words cannot ease such a sudden and profound loss, but we share in your sorrow and stand beside you in spirit. Should there be any way we can support you now or in the future, please do not hesitate to let us know.

Though he is gone, his legacy remains. Professor Yu will live forever in our hearts; his outstanding contributions to global landscape design and to the sustainable development of human environments will be remembered always. His vision and spirit will continue to guide us forward.

With deepest sympathy,

May Professor Yu rest in peace. We will always cherish his memory.

Sincerely,
